

TÄNK BAR

OF SWEDEN

Food for thought

TIME • TEAMWORK • THINKABILITY

TänkBar is a venue with thinking on the menu.

The Swedish word TänkBar has several meanings - "thinkable", "possible to think" and a "bar where to think". It's a tasty and visual combination of a restaurant, meeting room and creative studio - made for thinking.

There are already two permanent TänkBar in Stockholm and we also open temporary TänkBar at conferences, inside offices, in public spaces and in schools.
